Product configuration: PV92.01

PV92.01: Robin spotlight Ø51 for installation on a 48V low voltage track - DALI Powerline - 18W 1147lm - 2700K - CRI 90 - White

**Product code**

PV92.01: Robin spotlight Ø51 for installation on a 48V low voltage track - DALI Powerline - 18W 1147lm - 2700K - CRI 90 - White

Technical description

Miniatuerised adjustable spotlight with adapter for installation on a 48V Filorail low voltage track. The thermoplastic adapters are designed so they can be installed even in the curved track sections. Die-cast aluminium body with an ideal passive dissipation system to guarantee a long life and effective heat management. Driver circuit with DALI Powerline technology that allows each spotlight on the track to be adjusted independently. This offers a remarkable level of flexibility and lighting control. The swivel joints allow the spotlight to be rotated by 360° and tilted by 160°. The set back position of the optic unit guarantees a high level of visual comfort. A high definition thermoplastic lens with the option of using additional accessories to create other light effects. A rapid tool-free system for connecting the adapter electrically and mechanically to the track.

Installation

On a low voltage Filorail track. A tool-free system for connecting the product electrically and mechanically to the track.

Colour
White (01)

Weight (Kg)
0.45

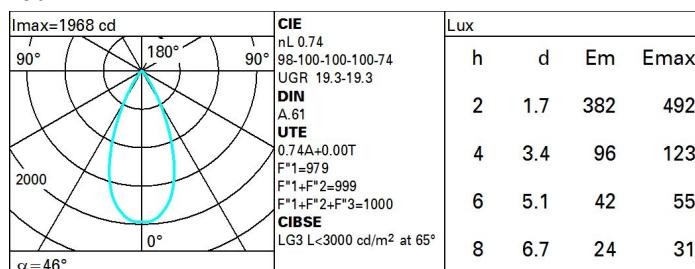

Wiring

LED driver integrated in product body - direct connection on 48V track. Track power supply unit to be ordered separately.

Complies with EN60598-1 and pertinent regulations
