Product code

X683: Cover for pendant-mounting with rod for external Organic Response sensor

Technical description

Upper cover in plastic for pendant-mounting with rod for X680 external Organic Response sensor.

The cover must be used with the X682 item code base (to be ordered separately) it is clipped onto. It allows the multi-sensor to be pendant-mounted with a rigid rod (not supplied).

Installation

It is clipped onto the X682 base.

The base+cover set must be pendant-mounted using a rod/duct with a maximum external diameter of 22 mm (typ 20mm). It is fixed with slim nuts (max 4 mm) for the rod/duct.

The multi-sensor is inserted and snapped into place by rotating it slightly.

Colour

White (01)

Weight (Kg)

0.01

Notes

To pass the cable inside the pendant rod, take into account the length of the multi-sensor cable (1 m).

Cannot be used with the X681 item code.

Complies with EN60598-1 and pertinent regulations
