Last information update: February 2023

Accessory code

Y360: 0-10V dimmable electronic ballast

Technical description

0-10V dimmable - 42W direct current electronic ballast - needed for powering Laser Blade models with single and double cell (max. 18 optical elements);

Installation

possibility of fixing to surface with screws (not included)

Colour

Indeterminate (00)

Dimension (mm) (*)

125x80x22

* The dimensions may change according to production requirements to ensure that performance levels and installation methods are observed.

Wiring

700 mA - max 18 LED - screw connections with terminal block included

Complies with EN60598-1 and pertinent regulations

IP20
