Accessory code

PD54: Pair of reinforcement plates for assembly on modular panels - 9-cell Crystal recessed luminaire

Technical description

Pair of metal reinforcement plates for assembly on modular plasterboard panels (visible dimensions 60 x 60); a specific accessory for applying the 9-cell model to panels by reinforcing the edges of the preparation slot in critical points that allows the recessed unit to be inserted without breaking the panel.

Installation

Application of the plates to the short side of the preparation slot for the 9-cell recessed unit (63 x 543)

Colour

Indeterminate (00)

Notes

The product can be connected to centralised emergency systems in compliance with the EN60598-2-22 standard.

Complies with EN60598-1 and pertinent regulations
