Product configuration: Q227
Q227: rectangular recessed luminaire with 3 optical assemblies - warm white passive dissipation LEDs - integrated DALI control gear - Wide flood

Product code
Q227: rectangular recessed luminaire with 3 optical assemblies - warm white passive dissipation LEDs - integrated DALI control gear - Wide flood **Attention! Code no longer in production**

Technical description
Multiple recessed adjustable removable luminaire for LED lamp with passive heat dissipation system. Sheet steel perimeter frame. Main structure made of die-cast aluminium. Steel rotation hinges. Die-cast aluminium lamp bodies with shaped surface for high level radiant effect for effectively reducing the temperature and keeping the long-term LED lamp performance unchanged. Chrome-plated aluminium lamp body closing rings. Reflectors with high efficiency super-pure aluminium optic - flood beam angle. Orientamento dei corpi con dispositivi di manovra manuale: interno 29° -esterno 75° - rotazione sull'asse 355°; in fase di orientamento e rotazione i corpi lampada sono soggetti ad alcune limitazioni consultabili sul foglio istruzioni. Supplied with DALI dimmable control gear units connected to the luminaire. Warm white high efficiency LED.

Installation
recessed: preparation slot 138 x 386 mm; perimeter frame preliminary fixing on false ceiling (min. thickness 1 mm) with adjustable metal brackets; main structure inserted and mechanically locked on the frame

Colour
White / Aluminium (39) | Grey / Black / Aluminium (E1)

Mounting
ceiling recessed

Wiring
on control gear box with quick-coupling connections; each lamp body has a specific ballast, allowing separate switch ons

Notes
the configuration of the lamp bodies causes some limitations during angling and rotation; consult the instructions leaflet
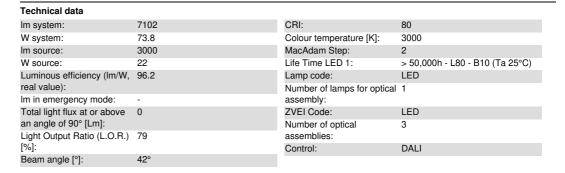

Complies with EN60598-1 and pertinent regulations

### Technical data
