## Direct coupling

Design iGuzzini

iGuzzini

Last information update: February 2023

### Accessory code

MZ40: Direct coupling

---

### Technical description

Direct joint for low voltage track in Minimal version (trimless flush with ceiling). This allows electrical and mechanical connections to be made between two consecutive tracks in a continuous line.

---

### Installation

Mechanical connection on track

---

### Colour

White (01) | Black (04)

---

### Weight (Kg)

0.01

---

### Wiring

Consult the instruction sheet

---

### Notes

The package includes protective labels for the unused holes on the track profiles.

---

Complies with EN60598-1 and pertinent regulations

---
