**Accessory code**

778D: Constant voltage non dimmable power supply 150 W 48Vdc

**Technical description**

Constant voltage non-dimmable electronic power supply 48 Vdc, power 150 W. Input Vin=220÷240 V.

The product features include overvoltage protection, short circuit protection, overcurrent and overtemperature protection.

**Installation**

Positioned on top of or inside electrical boxes. Fitted with slots for fastening with screws, if required.

**Colour**

Indeterminate (00)

**Weight (Kg)**

0.25

**Dimension (mm) (\*)**

321x30x18

\* The dimensions may change according to production requirements to ensure that performance levels and installation methods are observed.

**Wiring**

Input and output terminals on opposite sides (cable cross-section up to 1.5 mm<sup>2</sup>).

Primary and secondary cable clamp.

**Notes**

For the minimum and maximum quantities of luminaires that can be connected to this power supply, consult the reference product instruction sheet.

Complies with EN60598-1 and pertinent regulations

IP20

**Technical data**

Control: On/off
